- F-box dimensions: 195 x 190 x 426 mm
- A-box dimensions (Lx W x H): 403 x 393 x 444 mm
- Appliances per A box: 4

Product highlights

12.0V rechargeable appliance with cyclonic airflow
The Philips Mini Vac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and cleaning performance that lasts.

Exceptionally quiet
The Philips Mini Vac, with its powerful motor, is exceptionally quiet thanks to its special streamlined design. The comfortable noise level allows you to tidy up your home any time you want to.

Detachable dishwasher-proof nozzle
The Philips Mini Vac is also easy to maintain. If the nozzle needs cleaning, you simply put it in the dishwasher. That way you've always got a spotless, dirt-free Mini Vac at hand.

Brush tool, bendable crevice tool and car plug
The FC6092 (12V) includes a special car-cleaning kit with car plug for unlimited runtime, which means consumers can clean their cars thoroughly in one go. This model also comes with an extra-long, flexible crevice tool for easy cleaning around car seats and other hard-to-reach areas.

Smart-design charging base for wall or table
You can store the Philips Mini Vac on a convenient charging base, against a wall or on a table. This means the Philips Mini Vac, with its powerful rechargeable battery, is always ready when you are.

Cyclonic airflow and 2-stage filtration system
The Philips Mini Vac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. And its 2-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the pleated, second filter traps the finer dust particles.
